Sir,

Subject Application for grant from Government to meet the cost of construction of 'V' shaped drain in Heggadadevanakote Town, by the Minor Municipal Council, Heggadadevanakote

In forwarding herewith a file of correspondence ending with the Report No M Lc 26/46-7 dated 3-9-1947 received from the President, Minor Municipal Council, Heggadadevanakote on the above subject, I have the honour to state that the Municipal Council proposed to take up the construction of 'V' shaped drain on either side of the main road of the town at an estimated cost of Rs 1950 as part of their town improvement works for 1944-45 Later on, it was reported that one Mr Basappa who was entrusted with the work demanded extra 20% over and above the estimated rates which involved a revision of the estimate to Rs 2340/- ~~1950~~ (1950 plus 390)

This estimate was sanctioned in this office Memo No L Dis D3-C524/45-6 dated 27-8-45 the council having agreed to meet the extra expenditure of Rs 840/- out of their closing Balance This was sanctioned also by Government in their order No L 13106-8 "K" dated 24th May 1946- The work having been of a Sanitary nature and the cost of work exceeding

Total Estimate - 2340

exceeding Rs.1000/- it was for the Sanitary Department to execute it as per clause (d) of Rule 278 B.M.a.M and entrusting it to Mr. Basappa by the President was contrary to the Rule The President's attention was drawn to this and he was instructed to get the work executed by the Sanitary Department (Memo No D3-G1-488/46-7 dated 10-8-46).

The Executive Engineer, Mysore Division who has to do the work as per G.O. No P.W.5434-39 dated 26-3-1945 (copy enclosed in the file) has proposed a revised estimate for Rs.3705 owing to higher rates (90% over the estimate) demanded by one Mr Patel Basappa, vide letter dated 20-5-47 addressed to the Sub Division Officer The excess cost over the original estimate would be Rs.1755(R E 3705-O.E. 1950). The President reports that there is a sum of Rs 2000 unspent out of the grants sanctioned in the past in 1944-45 and 1945-46 out of Town Improvement Grants for the Municipality and that this amount would be appropriated for the purpose As for the balance required, i.e., 1705/- (3705-2000) the Council have resolved at their meeting held on 30-5-47 that the Municipality is not in a position to meet this cost on account of its slender resources and that Government might be recommended to sanction this ~~ix~~ as a grant to the Municipality Copy of resolution is enclosed The Sub Division Officer, Mysore Sub Division in transmitting the report has recommended, the proposal of the President

I request in the circumstances that sanction of Government may kindly be obtained to the resolution of the council to appropriate the unspent grant of Rs.2000/- towards the cost of the work in question and the balance of Rs.1705 as a Government grant as recommended The Executive Engineer has been requested to take up the work

the work immediately pending sanction to the grant asked for.
